

Emerging Professionals

Requirements

- Currently employed in a business function in New York and NOT in the fashion industry in a business-related program
- Between 2 and 7 years of business experience
- Interested in transitioning to a career in fashion business
- Able to attend all events (evenings on 7/22, 7/23 and 7/24)

Application Details

You will need to include:

- School Name (most recent degree-granting institution)
- Employer name
- Personal statement
- Resume (attachment)

You do not need to include:

- GPA information
- Transcripts

Program Notes

For Emerging Professionals, we recommend **Track 2**, which involves one Career Path Workshop, followed by a hands-on Business Case Study Workshop.

If you prefer **Track 1**, which involves back to back Career Path Workshops, you may select that instead.

Career Path Workshops give participants the opportunity to interact with industry professionals and human resources (HR) managers. Participants will learn about specific jobs and companies and gain insight into what HR managers seek in job candidates.

The **Business Case Study Workshop** is a real world business plan case study intended to give participants a chance to put their existing business skills to work, gaining industry specific knowledge and the chance to work closely with fashion business professionals.
